PRODUCT DESCRIPTION

The **FreezePro™-Gallon Drum Insulation Jacket FPD4515** provides temperature stability for temperature-sensitive products including chemicals, fluids and bulk materials during their

International resources for your world

transport, handling and storage in drums, pails and buckets. The **FreezePro™ Drum Jacket FPD4515** maintains desired temperatures through an evenly heated area, keeping chemicals and other industrial materials within customer-defined temperature ranges. It is recommended for applications ranging from -40°F (-40°C) to 200°F (93°C). The **FreezePro™ Drum Jacket FPD4515** is designed for use with **FreezePro™ Drum Insulation Lid FPD4515** and the **FreezePro™ Ranco ETC Single State Temperature Control-NEMA Type 4X**, a microprocessor-based electronic temperature control designed to provide on/off control for commercial heating, ventilating, air conditioning, and refrigeration, both of which must be purchased separately from the **FreezePro™ Drum Jacket FPD4515**.

The **FreezePro™ 5-Gallon Drum Insulation Jacket FPD4515**, like the other FreezePro™ Frost Protection System products, provides an efficient heating solution. It both increases equipment lifespan and gives the most cost-effective method for minimizing damage caused by harsh or freezing temperatures. And the advanced, all-in-one design of all FreezePro™ Frost Protection System products eliminates the need for multiple product purchases.

PRICE: \$295.00

SPECIFICATIONS

SKU: FPD4515

Size: 35 in circumference; Length 45 in, Height 15 in

Insulation Material: EPDM Rubber Foam

Jacket Material: PVC Fabric

Color : Black

Thickness: 0.5 in

Weight: 4 lbs

Fastening System: Nylon Webbing Straps, Plastic Side-Release Buckles

Approx "R" Factor : .48

Temperature Range: -40°F/-40°C to 200°F/93°C

International resources for your world

Watts: 90

Amps 0.75

Voltage: 120 volts, 240 volts

Power Cord Type: (18 AWG) 3-Prong Grounded Plug

Cord Lead Length : 98 in

Heating Cable Length : 120 in

Install : [FreezePro™How to Install Worksheet](#)

Measure: [FreezePro™Drum How to Measure](#)
