PRODUCT DESCRIPTION

The FreezePro Tote Tank Lid FPTL4840 is designed for use with FreezePro Tote Tank Insulation Jackets which provide temperature stability for temperature-sensitive products during the transport, handling and storage of chemicals, fluids and bulk materials in tote tanks. The FreezePro Tank Lid FPTL4840 and other lids come in different sizes to fill all the various options. The FreezePro Tote Lid FPTL4840 must be purchased separately.

FreezePro Frost Protection Systems are designed to meet the most rigorous storage and temperature requirements of most industrial fluids or substances. They offer an all-in-one

temperature requirements of most industrial fluids or substances. They offer an all-in-one energy efficient system that increases revenues and improves operational efficiencies. All are removable, reusable and weather resistant. They are long lasting, durable, UV stable and 100% asbestos free.

Unlike most removable insulation systems, FreezePro©rost Protection Systems come in standard, universal sizes that are available for off-the-shelf delivery . FreezePro©rost Protection Systems are designed to fit an array of sizes -and can be used on almost any application that requires freeze or frost protection; temperature or chemical stability; and stress-free bonding or flexible encapsulation.

When used as a preventive maintenance product, **FreezePro®rost Protection Systems** pay for themselves immediately upon the first freeze of winter. Few prevention type products will

pay for themselves as quickly and with as little upfront effort, as

FreezePro®.

And there is no equipment downtime when in	stalling	FreezePro@roducts.	They	are simple
and quick to	install without too	ols!		

PRICE: \$195.00

SPECIFICATIONS

SKU: FPTL4840

Size: 48 in long x 40 in wide. Each has a 6 in inch down flap around the edges

Insulation Material: EPDM Rubber Foam

Outer Material: PVC Fabric

Color: Black

Weight: 8 lbs

Install : FreezePro™ow to Install Worksheet

Measure: FreezePro™ote Tank How to Measure
