PRODUCT DESCRIPTION

The **FreezePro™Tote Tank Lid FPTL4842** is designed for use with **FreezePro™Tote Tank Insulation Jackets** which provide temperature stability for temperature-sensitive products during the transport, handling and storage of chemicals, fluids and bulk materials in tote tanks. The **FreezePro™IBC Lid FPTL4842** and other tote tank lids come in different sizes to fill all the various options. The **FreezePro™Tote Lid FPTL4842** must be purchased separately.

FreezePro™Frost Protection Systems are designed to meet the most rigorous storage and temperature requirements of most industrial fluids or substances. They offer an all-in-one energy efficient system that increases revenues and improves operational efficiencies. All **are** removable, reusable and weather resistant. They are long lasting, durable, UV stable and 100% asbestos free.

Unlike most removable insulation systems, **FreezePro™Frost Protection Systems** come in standard, universal sizes that are available for off-the-shelf delivery. **FreezePro™Frost Protection Systems** are designed to fit an array of sizes and can be used on almost any application that requires freeze or frost protection; temperature or chemical stability; and stress-free bonding or flexible encapsulation.

International resources for your world

When used as a preventive maintenance product, **FreezePro Frost Protection Systems** pay for themselves immediately upon the first freeze of winter. Few prevention type products will pay for themselves as quickly and with as little upfront effort, as **FreezePro®**.

And there is no equipment downtime when installing **FreezePro products.** They are simple and quick to install without tools!

PRICE: \$195.00

SPECIFICATIONS

SKU: FPTL4842

Size: 48 in long x 42 in wide. Each lid has a 6 in down flap around the edges

Insulation Material: EPDM Rubber Foam

Outer Material: PVC Fabric

Color : Black

Weight: 14.5 lbs

Install : [FreezePro™ How to Install Worksheet](#)
