PRODUCT DESCRIPTION

The Freez	ePro™tote Tank Lid FPTL4848	is designed for use with	FreezePro™tote Tank	
nsulation Jackets which provide temperature stability for temperature-sensitive products				
uring the tran	sport, handling and storage of c	hemicals, fluids and bulk materials	in tote	
tanks. The	FreezePro [™] tote lid FPTL4848	and other tote lids come in d	ifferent sizes to	
fill all the various options. The		FreezePro [™] Tote Lid FPTL4848	must be purchased	
		separately.		

FreezePro@rost Protection Systems are designed to meet the most rigorous storage and temperature requirements of most industrial fluids or substances. They offer an all-in-one energy efficient system that increases revenues and improves operational efficiencies. All are removable, reusable and weather resistant. They are long lasting, durable, UV stable and 100% asbestos free.

Unlike most removable insulation systems, FreezePro©rost Protection Systems come in standard, universal sizes that are available for off-the-shelf delivery . FreezePro©rost Protection Systems are designed to fit an array of sizes and can be used on almost any application that requires freeze or frost protection; temperature or chemical stability; and stress-free bonding or flexible encapsulation.

When used as a preventive maintenance product, FreezePro®rost Protection Systems pay for

International resources for your world

themselves immediately upon the first freeze of winter. Few prevention type products will pay for themselves as quickly and with as little upfront effort, as

FreezePro®.

And there is no equipment downtime when installing **FreezePro@roducts.** They are simple and quick to install without tools!

PRICE: \$195.00
