PRODUCT DESCRIPTION

The **FreezePro™Tote Tank Lid FPTL4846** is designed for use with **FreezePro™Tote Tank Insulation Jackets** which provide temperature stability for temperature-sensitive products during the transport, handling and storage of chemicals, fluids and bulk materials in tote tanks. The **FreezePro™Container lid FPTL4846** and other lids come in various sizes to fill all the various options. The **FreezePro™Tote Lid FPTL4846** must be purchased separately.

FreezePro™Frost Protection Systems are designed to meet the most rigorous storage and temperature requirements of most industrial fluids or substances. They offer an all-in-one energy efficient system that increases revenues and improves operational efficiencies. All are removable, reusable and weather resistant. They are long lasting, durable, UV stable and 100% asbestos free.

Unlike most removable insulation systems, **FreezePro™Frost Protection Systems** come in standard, universal sizes that are available for off-the-shelf delivery. **FreezePro™Frost Protection Systems** are designed to fit an array of sizes and can be used on almost any application that requires freeze or frost protection; temperature or chemical stability; and stress-free bonding or flexible encapsulation.

When used as a preventive maintenance product, **FreezePro™Frost Protection Systems** pay for themselves immediately upon the first freeze of winter. Few prevention type products will

International resources for your world

pay for themselves as quickly and with as little upfront effort, as

FreezePro® .

And there is no equipment downtime when installing

FreezePro® products.

They are simple

and quick to install without tools!

PRICE: \$195.00

SPECIFICATIONS

SKU: FPTL4846

Size: 48 in long x 46 in wide. Each lid has a 6 in flap around the edges

Insulation Material: EPDM Rubber Foam

Outer Material: PVC Fabric

Color : Black

Weight: 9.37 lbs

Heating Cable Length : 720 in

Temperature Range : -40°F/40°C to 200°F/93°C
