PRODUCT DESCRIPTION

The FreezePro^TNon-Heated Tote Tank Insulation Jacket FPT19242-NH provides temperature stability for temperature-sensitive products during the transport, handling and storage of chemicals, fluids and bulk materials in tote tanks. The FreezePro^TNon-Heated Tote Jacket FPT19242-NH is designed for use with FreezePro^TTote Tank Insulation Lids, which must be purchased separately.

FreezeProGrost Protection Systems are designed to meet the most rigorous storage and temperature requirements of most industrial fluids or substances. They offer an all-in-one energy efficient system that increases revenues and improves operational efficiencies. All **are** removable, reusable and weather resistant. They are long lasting, durable, UV stable and 100% asbestos free.

Unlike most removable insulation systems,FreezePro@rost Protection Systemscome instandard, universal sizes that are available for off-the-shelf delivery. FreezePro@rost

International resources for your world

Protection Systems are designed to fit an array of sizes -and can be used on almost any application that requires freeze or frost protection; temperature or chemical stability; and stress-free bonding or flexible encapsulation.

| When used as a preventive maintenance product, | FreezePro®rost Protection Systems | pay for |
|---|-----------------------------------|---------|
| themselves immediately upon the first freeze of winter. Few prevention type products will | | |
| pay for themselves as quickly and with as little upfro | nt effort, as FreezeP i | 'O® . |

And there is no equipment downtime when installing **FreezePro@roducts.** They are simple and quick to install without tools!

PRICE: \$1195.00
