

VOYAGER BOLTED TANK FITTINGS

SKU: N/A | **Categories:** [Poly Tank Closures and Accessories](#), [Poly Tank Fittings](#) | **Tags:** [custom manufacturing](#), [tote tank closures](#), [Voyager](#)

PRODUCT DESCRIPTION

Our investment cast "Voyager" Bolted Fittings have been used for more than a decade without any reports of leakage. The round shape, tight bolt pattern, and durable cast construction make this bolted tank fitting a reliable means of making connections to poly chemical storage tanks. We offer the fittings with 1/4" EPDM or Viton gaskets, making the type 316 stainless fittings compatible with the widest possible range of industrial chemicals.
