

International resources for the DEF packaging world

## **Con-Tech...International Resources for Your World**

Looking to edge out your competition? For over 30 years, our customers have done just that by taking advantage of our manufacturing sources that provide high quality products at a low cost.

Whether we import container components or secure custom manufacturing for you domestically, Con-Tech brings all the benefits with none of the hassle.

With Con-Tech at your side, you get a world of products brought to you with the service and reliability of a trusted supplier.

What makes Con-Tech International different from other suppliers is our expertise and knowledge of YOUR world. We have six specialized teams that understand your market and its unique needs: Con-Tech Steel, Con-Tech IBC components, Con-Tech Drum Accessories, Con-Tech Marine, Con-Tech Custom and Con-Tech Plastic Packaging.

## **DEF spouts for your dispensing needs**

Con-Tech's vented DEF spouts are plastic flexible pipes used to dispense diesel exhaust fluid typically from 1, 2, 2.5, and 5 gallon jugs. Our vented DEF spout improves dispensing time, allowing you to empty to the last drop. Our vented DEF spout eliminates the need for vented jugs, which offers cost savings to you.

Con-Tech's vented DEF spouts bring to you many significant features including:

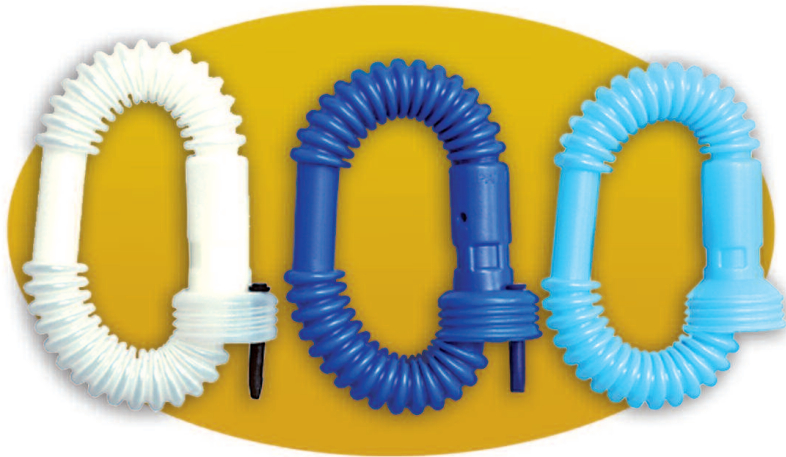

- Easy attachment to the bottle neck
- Smooth fluid flow
- Very fast dispensing time
- No leaks or spillage during dispensing
- Availability in different colors
- Eliminates the high cost of vented bottles
- Size availability in 38mm, 45mm, 63mm

Con-Tech's vented DEF spouts are the best dispensing tools for DEF that you can own.

### Customized DEF packaging

Talk to us about custom manufactured jugs and other accessories.  
Consider reducing your packaging costs by using our five gallon jugs.

Don't see what you are looking for?  
We can customize our products to  
fit your needs. Need product stocking?  
Let us help. Call 504-620-0097.

International resources for your world

## **World Class Service**

Con-Tech makes buying our specialty manufactured products easy. We are a company that understands the ins and outs of production. We take on the job of sourcing, qualifying, sampling, production planning, shipping, and stocking so you don't have to.
