

International resources for the world of steel

Con-Tech...International Resources for Your World

Looking to edge out your competition? For over thirty years our customers have done just this by taking advantage of our access to domestic and offshore manufacturing that provides high quality results at a low cost.

Whether we provide steel, or container components or access custom manufacturers for you, Con-Tech brings all of the benefits of our suppliers with no worries for you.

With Con-Tech at your side, you get a world of products brought to you with the service and reliability of a trusted American supplier.

What makes Con-Tech International different from other suppliers is our attention and knowledge of YOUR world. We have six specialized teams that understand your market and its unique needs: Con-Tech Steel, Con-Tech IBC components, Con-Tech Drum Accessories, Con-Tech Marine, Con-Tech Custom and Con-Tech Plastic Packaging.

Welcome to the world of global possibilities available for your world.

High quality steel and service with competitive pricing

Con-Tech specializes in importing both hot and cold roll coils; steel plates; coated material, and circle plate blanks. Our diverse range of steel products are used in the manufacture of steel drums and other containers, as well as numerous industrial applications. No matter your requirements, Con-Tech will work to satisfy them.

Our suppliers are foreign and domestic steel mills, all of which are ISO certified. For your convenience, we use multiple domestic blanking facilities in strategic geographic locations. We offer steel discs in thickness ranges from 0.0250" to 0.0533" in diameters including 25.25", 25.276", 25.375", 25.438" and 25.5".

Con-Tech's experienced personnel help find solutions to your steel problems and work with you to find the right steel for your application. Con-Tech does more than sell steel-our customer service team provides solutions to all of your steel issues from price to inventory to delivery.

PORTS OF ENTRY

- Baltimore
- Houston
- Long Beach

More information about our steel operation can be found on our website www.con-techinternational.com or give us a call at 504-523-4785.

You can choose to have product shipped direct from the mill to your plant or you can arrange for JIT by drawing from Con-Tech Steel's large inventory.

Looking for other steel products? Con-Tech Custom specializes in contract manufacturing of high quality stainless steel and specialty metal components. Call Con-Tech Custom at 504-523-1864.

International resources for your world

World Class Service

Con-Tech makes buying internationally manufactured products easy. We are an American company that understands the ins and outs of global production. We take on the job of sourcing, qualifying, sampling, production planning, shipping

and customs clearance so you don't have to. Choose to have your product shipped direct to your plant or use our warehouses in New Orleans, Savannah and Chicago for delivery when you need them.
