International resources for the drum world

Con-Tech...International Resources For Your World

Looking to edge out your competition? For over thirty years our customers have done just this by taking advantage of our access to domestic and offshore manufacturing that provides high quality results at a low cost.

Whether we provide steel, or container components or access custom manufacturers for you, Con-Tech brings all of the benefits of our suppliers with no worries for you.

With Con-Tech at your side, you get a world of products brought to you with the service and reliability of a trusted American supplier.

Welcome to the world of global possibilities available for your world.

Components and Accessories for the world of drums and pails

Con-Tech Drum Accessories brings a full range of stainless, carbon steel and plastic components to container manufacturers in North and South America. These components are made by ISO-certified suppliers like Technocraft Industries India Limited. To meet your needs, we stock the following products for immediate shipment.

Tite Seal Leak Lock Plug — specially made for use with reconditioned drums, solves alignment problems with a patented two-piece closure system.

Tite-Seal™ Drum Closures

Tite-Seal™ Drum Closures are known the world over for manufactured excellence. Tite-Seal™ Octagon Flanges and Tite-Seal Round Plugs meet all U.S. DOT and U.N. standards, and are available zinc plated and lined, Buna, EPDM or Poly-irradiated gaskets.

Weldable, machined metal closures are also available for use with stainless steel drums housing high-end food, fragrances and specialty chemical products.

See the world of Con-Tech Drum Accessories developed for America's manufacturers

Manual and pneumatic cap seal crimping tool for fast, secure installation.

Tite-Seal™ Nylon Plugs

Nylon Plugs used on steel drums with flammable or combustible materials are approved for pressure release in fire situations.

Tite-Seal™ Cap Seals

Cap Seals, in tin-plated steel and polyethylene, crimp or snap, provide maximum protection. Custom printed adds brand impact.

Ring Components

Choose from a wide variety of zinc electro-plated carbon steel bolts and nuts produced to ANSI standards by Con-Tech's manufacturing partners. Lever latch handles and lugs in different sizes and designs are available. For more detailed specifications, visit our web site at www.con-techinternational.com.
